

## Mum-Ahd bullet train: Bids called for Maha tracks

**Mumbai:** The National High Speed Rail Corporation (NHSRCL) on Monday invited bids from eligible Indian and Japanese companies for the design, supply and construction of tracks for the Ahmedabad-Mumbai bullet train project in Maharashtra.

NHSRCL, in a release, said the bullet train track in Maharashtra will be 314 km long as the route alignment is 157 km between the train station at Bandra Kurla Complex and Zaroli village on the state's border with Gujarat. The tender is for the design, supply and construction of tracks and track-related works, including testing and commissioning for the double-line high-speed railway, it said.

Technical bids are scheduled to be opened on Feb 3, 2025. "This will be the last track construction contract for the project," the release said. P T I

# NHSRCL invites bids for bullet train track work in Maharashtra

*Mumbai:* The National High Speed Rail Corporation (NHSRCL) on Monday invited bids from eligible Indian and Japanese companies for the design, supply and construction of tracks for the Ahmedabad-Mumbai bullet train project in Maharashtra.

NHSRCL, in a release, said the

bullet train track in Maharashtra will be 314 km long. The tender is for the design, supply and construction of tracks and track-related works, including testing and commissioning for the double-line high-speed railway, it said.

Technical bids are slated to be opened on February 3, 2025. **PTI**
